

### Family Involvement Program NJB Home-School Visits Compact

Our school has the opportunity to participate in the home visit program. Home visits strengthen communication between schools and families and support improved student achievement in both academic and social progress.

We hope you have enjoyed a home visit in the past and believe that home visits can build great relationships between teachers, scholars and families. Though we may not be able to visit everyone in class, we'd like to know if you are interested. The scholars are so happy when their teacher comes to their home. So let's get together! Please mark below and complete the box before returning to your teacher.

- Yes, I would like to have my child's teacher visit my home. Please call me!
- Yes, I would like to have my child's teacher visit, but later in the year.
- I'd rather have my visit in the park or another meeting place.
- I'm not sure about a home visit. I'd like to think about it.
