New Joseph Bonnheim Community Charter: Master Calendar

August 2017

Our mission is to develop responsible, respectful, and proactive citizens to become caretakers of our community, our state, our country, and our planet. This begins with our concept for the New Joseph Bonnheim (NJB) being centered on agriculture and on the very community it serves.

To succeed in accomplishing our mission, we will abide by our NJB Standards, utilizing the Five B's, implementing a positive character education program, and creating a student- centered learning environment.
